

(800) 792-7427

Air Cannons

FEATURES:

- Energy efficient — *all force is absorbed by the material.*
- Self-cleaning seat — *air flows over seat into hopper.*
- Low noise level — *material absorbs discharge.*
- Low maintenance — *one moving wear part.*
- Valve body design *is more flow-efficient and less restrictive.*
- Impact-resistant piston *made from UHMW.*
- No special air requirements — *operates on standard plant air.*
- Minimal CFM requirements — *timer cycles system as needed.*
- Tanks meet ASME pressure vessel codes.
- Easy maintenance — *removable end plate allows easy inspection.*

Specify Cougar for:

- Cost effective solutions.
- Expert technical assistance.
- Complete service and support.

For the specifications on Air Cannons see our technical bulletin TB-CC-001a (Inch) or TB-CC-001b (Metric)
